## Greetings from the crew at Prospectors Radio!

Our mission is to support and grow the prospecting community to promote gold mining across the nation and around the world.

We offer you a great opportunity for a great partnership to help all businesses in the prospecting community. Not only do we promote all vendors who join, we help spread the word on current issues involving our mining rights. We have over 6000 members and growing. Our show is available on iHeart Radio and we have listeners around the world.

Prospectors Radio and Gold Prospectors Space offers their sponsors a chance to spread the word about their products and services. Take advantage of the median to promote your business.

We hope you join our community of like-minded prospectors and small time miners!

Sincerely,

The crew at Prospectors Radio:
